Superior Engineered Hand Labelling Systems

PB3

PB3-208

Ability for more information to be showcased. For example, pre-printed information, comparison of prices and combination of various types of information.

Rotary Cliché
- Option to include pre-printed information onto label

Wide Variety of Different Layouts
- Ability to meet application requirements of different industries

Large Space for Pre-print
- More allocated space to display information

High Productivity
- Labeller is ergonomically designed to fit the hand comfortably so that users can work more efficiently and for longer period of time

Durable Construction
- Labelling can be carried out in all kinds of environment

The PB3 series is specially designed to meet various simple, quick and easy coding industrial applications.

The PB3 series has the ability to print descriptions such as Weight, Size, Stock No., Product Code, Lot No., Dispatch Code, Customer Code, Date, Time and a variety of currency symbols. Therefore, it is **especially suitable for price mark-down applications such as discounted value and percentage.**

The PB3 series can print up to three lines on three different label sizes.
